

**DAYDREAMER SOFA : SPECTACULAR COMFORT**

This freestanding sofa builds on the leitmotif that also underlies the success of the Daydreamer reclining chair. The fluent, feminine and contemporary lines are clearly reminiscent of the Daydreamer. The slightly inclined seat and rather straight back are tried and tested JORI characteristics. The adjustable armrests facilitate a comfortable power nap. Compact enough for smaller residences but grand enough to give any interior that extra touch of class.

Joachim Nees

After Joachim Nees (1967) completed his studies in industrial design at the University in Darmstadt he went to work as a furniture designer. In his work he attaches particular value to the quality and materials. Defender of the principle that 'form follows function', the future user is the central point in his creations, many of which have received major Design Awards.
