

**TULIP : A STAR IS BORN**

This graphically designed armchair combines a square base with a bulb-shaped seat. The seat height makes it multifunctional. This little armchair delivers outstanding comfort for spending hours sitting at the table, but it also nestles just as well in a quiet reading corner or luxurious lounge. Tulip's all-round allure makes it very popular in the hotel world

POCCI + DONDOLI : CITIZENS OF THE WORLD

For Pocci+Dondoli design has to express beauty, harmony and freedom, as it can not be bound by strict established rules or exist as privilege of a social or cultural elite. The research on materials and processes, conceived to achieve maximum results in quality / price terms, is one of the main activities of the studio: they privilege materials that, through sophisticated processes, acquire nobility and elegance, such as aluminum and plastic, and other noble and antique materials like leather and hide.
